Mission

To help the poorest of the poor children to have better a life by giving them P.E.A.R.L.S. (Peace, Education, Aspiration, Respect, Love and Smiles) through education, empowerment, nutrition, nourishment, and healthcare.

Vision

A world where no child, at no time, is hungry. No child should be hungry for nutrition, education, shelter, medical services, and opportunities to achieve their full potential.

OUR TEAM

The Board of Directors is composed of professionals and executives from diverse backgrounds and industries. With their individual expertise and knowledge, they provide over-all guidance and strategic direction for the growth of Project PEARLS.

Board of Directors (Philippines)

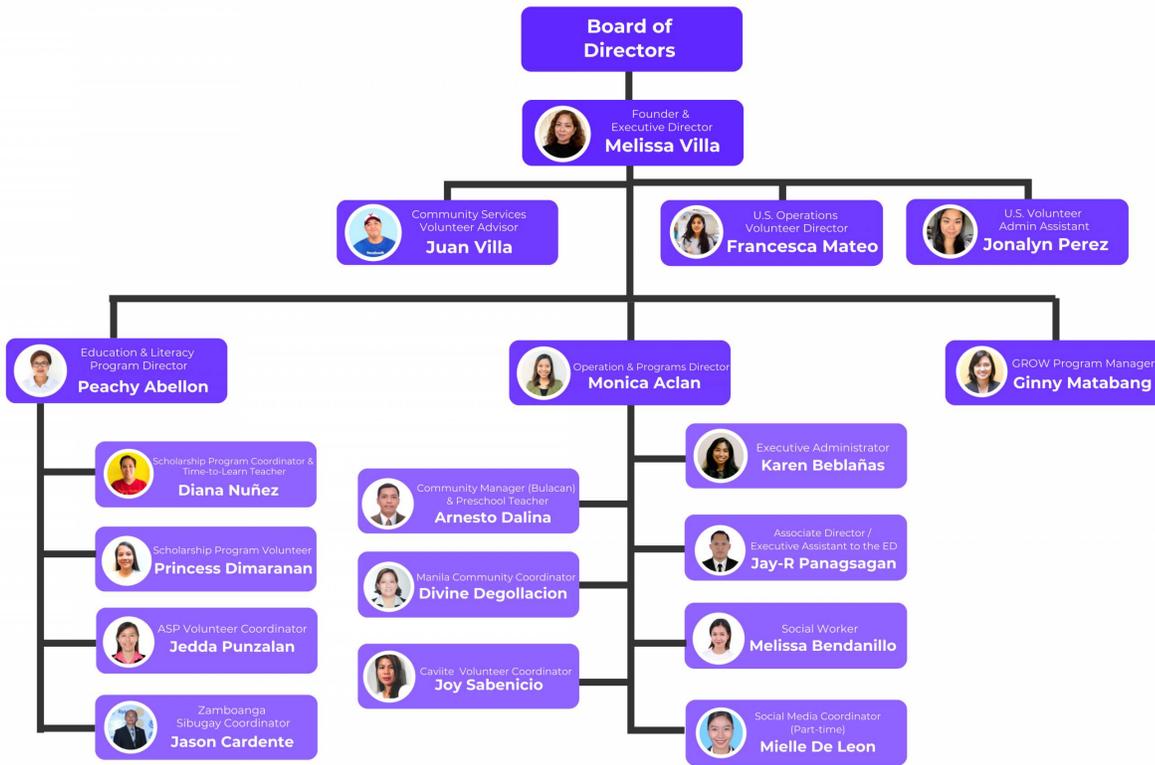

(L-R) Hilary Anne Diaz, Jaime Lopa, Stephanie McGuire-Belo, Sidney Snoeck, Marie Conception Young, and Ma. Lutgrada Vallefaz-Calupaz

Board of Directors (United States)

(L/R) Daniel Bucher,
Arnold Pedrigal,
Francesca Mateo,
William Brandenburg,
Mailou San Gabriel,
Arthur Swanson,
Melissa Poquiz

STAFF & CORE TEAMS

Tondo Core Team

Divine Degollacion, Jocelina Trasmaño, Liezel Alvarado, Ronalyn Abriol, Diana Lucas, Jocelyn Sunga, , Teresita Alvarado, Ma. Salome Degollacion, Merly Ruta, Jonalyn Umali, Analyn Abriol, Emily Dordines, Rey Vince Cervantes, and King Carlo Cervantes

Bulacan Core Team

Marcelino Ugsad, May Roselyn Baylon, Carol Paver, Cheryl Empeño Pibte, Salome Soria, Mary Grace Cesar, Arnesto Dalina, Ludylyn Baylon, Mae Figueroa, Celia Villamina, Erma Malalay, and Baby Grace Cajefe

Cavite Core Team

Joy Sabenicio, Zenaida Rebuta, Lowell Lagat, Lorna Delabajan, Josephine Membrellos, Jerry Abinido, Elene Delante, Carmela Ann Menguito, Rocilyn Regala, Judy Lyn Luena, Archie Limas, Luz Ventura, and Maricris Magnawa

A young child with dark hair is shown in profile, drinking from a clear plastic cup filled with a yellow liquid. The child is wearing a yellow and white striped shirt. The background is slightly blurred, showing what appears to be a kitchen or dining area with shelves.

Covid-19 Crisis Response (Health Care & Nutrition)

*Covid-19 Hunger Relief
Program and Crisis
Response*

*Financial Assistance for
Medical & Emergency Needs*

2020

The year when the Covid-19 virus changed our lives in drastic and unimaginable ways. The lockdowns, the work and school closures, the constant wearing of face masks and face shields, the restricted travels, the inability to simply meet up with family and friends, the constant fear of the virus, and the devastating death tolls will all be part of our collective memory of this year.

Ronie, 61, resident of Helping Land, Tondo, Manila

"Unang una, ang hirap ng paghahanap buhay dahil sa pamamasura lang kami umaaasa. Dahil sa pandemya, nagsara ang karamihan sa kinukuhanan namin ng basura. Malaki ang tulong ng feeding program sa amin. Madalas pinagkakasya namin ang nakukuha naming pagkain hanggang tanghalian. Maraming salamat sa lahat ng nagbibigay tulong sa Project PEARLS. Maaaring kung wala sila, baka wala kaming nakukuhang pagkain."

"First of all, it is difficult to earn because we only rely on scavenging waste. Because of the pandemic, the waste yard which is the source of our merchandise closed down. The feeding program helped us a lot. We often have food until lunchtime. Thank you so much to Project PEARLS. Maybe if they are not around, we might not be getting any food to get us by."

In the first quarter of the year, the national government imposed strict community quarantines to prevent the spread of the virus and to cope with an impending national health emergency. In the weeks that followed, the health crisis has become an economic and social crisis that has affected millions of Filipinos. The various community quarantines and work closures have left thousands of our fellow Filipinos jobless. Among them are those working in the informal sector such as drivers, garbage scavengers, vendors, construction workers, and other daily-wage earners. The heartbreaking reality is that staying home for them means losing a day of work and losing meals for their families.

To help the families, we intensified our online fundraising efforts and we mobilized our partners and donors. Our immediate goal is to provide for the most basic needs of the families and to help them survive these difficult times.

Covid-19 Relief Efforts

Even before the pandemic, we serve meals every day in Tondo as part of the *Feed the Tummy, Nourish the Mind* program. When the crisis broke out, we continued providing daily breakfast to ensure that children and families have at least one healthy meal in a day. In the second quarter of the year, we also started a thrice-a-week Hunger Relief Program in our communities in Bulacan and Cavite. In total, we serve more than 6,000 meals in three communities every week.

We are grateful to the following organizations for their unwavering support to the Hunger Relief Program: **Ang - Hortaleza Foundation, Arla, Michelle's Putong Ube, Century Pacific Group, RFM, Rise Against Hunger, and Selecta.**

3,800+ grocery packs distributed

With the help of our partner organizations and individual donors, hundreds of families received various grocery packs that contain food items such as rice, frozen meat, vegetables, bread, canned goods, and noodles.

We are thankful to **USANA True Health Foundation** for being one of our partners in providing healthy food packs to indigent families. Every month, they distribute 300 food packs to the families in Tondo and Bulacan.

15,000 gallons of safe drinking water for 300 families

For several years now, the residents of St. Martha Estate Homes in Bulacan have difficulty accessing clean drinking water. To help our scholars' families, we partnered with a water refilling station in the community to provide them with clean drinking water. This project ensured that families have safe drinking water and it also eased the financial costs of buying water.

PHP 1.3 million + cash aid for scholars' families and financial assistance for medical and emergency cases

The pandemic crisis has severely affected the sources of income of millions of Filipinos, including those working in the informal sector. In response to this, we provided cash assistance to the families of our scholars. We also assisted families who need financial help for medical and emergency cases.

6,000+ pieces of face masks and face shields

We distributed face masks and face shields to children and adults to protect themselves against the virus. We recognize that it can be quite challenging for poor families to follow health protocols because their meager income may not be enough to cover these Covid-19 essentials.

PHP 202,800+ worth of medicines, medical supplies, and multivitamins

For families living in poverty, simple illnesses such as diarrhea, colds, and cough can become serious because of their inability to buy medicines and to access free health care services. To address this, we provide free over-the-counter medicines and other medicines prescribed by their doctors. We also provide other medical needs and multivitamins for children and adults.

54,000 doses of multiple micronutrient supplements (MMS)
(300 bottles)

In partnership with **Vitamin Angels**, we turned over 54,000 doses or 300 bottles of multiple micronutrient supplements (MMS) to our partner Barangay Health Centers in the communities. The receiving health centers (Brgy. Batia Health Center, Vitas Health Center, and Malainen Bago Health Center) distributed the MMS to underserved pregnant and lactating women. This program of Vitamin Angels aims to help mothers in ensuring the healthy development of their babies during the critical first 1,000 days. The provision of MMS also helps pregnant women in lowering the health risks of anemia.

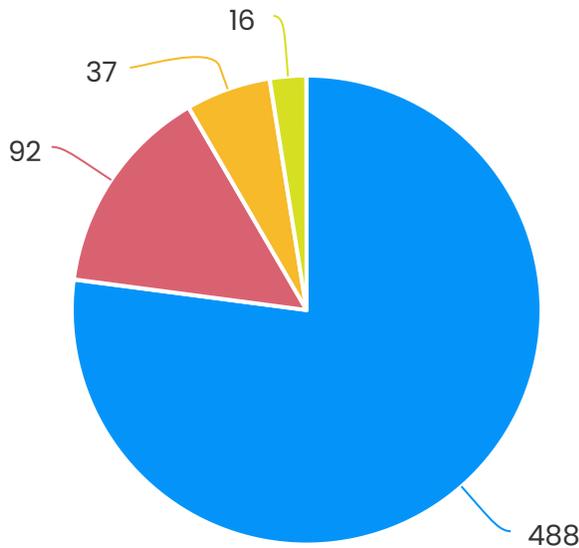

Scholarship Program

Education is at the core of the Project PEARLS mission. We believe that it is a powerful tool that can help children and families break the vicious cycle of poverty. Education opens up possibilities and opportunities especially for those in the marginalized sector. It hones our capabilities, skills, and knowledge, thus empowering us to take charge of our life. The transformative power of education is essential to personal development and to the development of our country as a whole.

We recognize that there are economic and social barriers that can negatively affect one's access to education. To address this, the PEARLS Scholarship Program provides educational support in the form of school supplies, transportation allowance, food packs, vouchers for projects, tutorials, and other resources that are critical to the well-being of the child. We also organize learning sessions and workshops where scholars can develop their aspirations, self-confidence, and values.

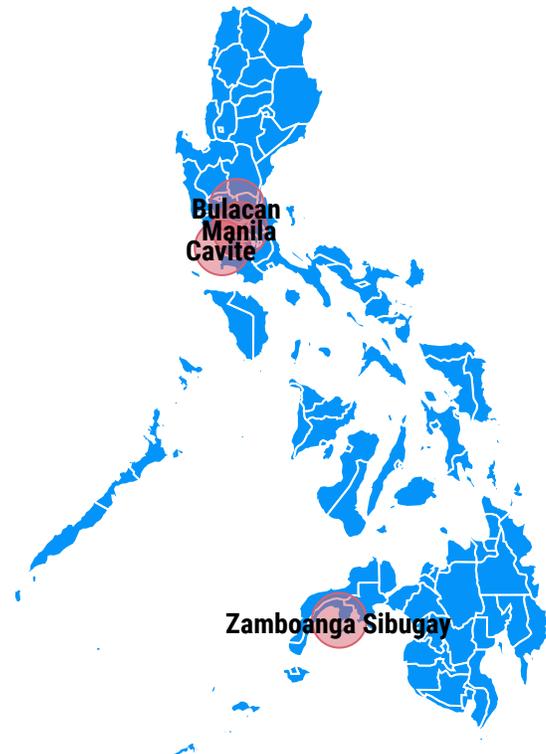

SY 2020-2021: Scholars per community

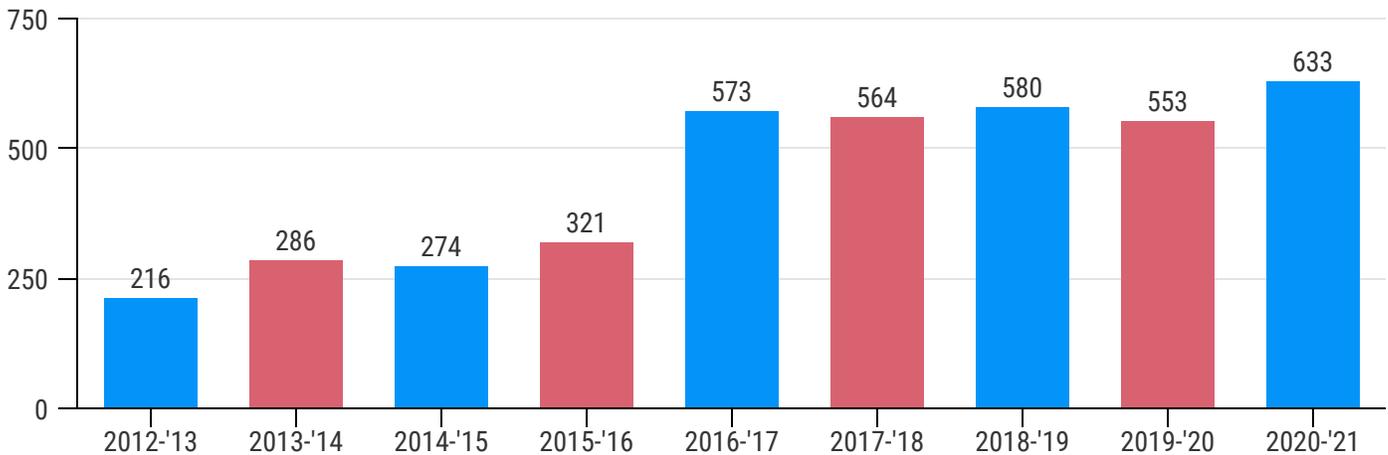

- Bocaue, Bulacan
- Tondo, Manila
- Naic, Cavite
- Kabasalan, Zamboanga Sibugay

633 scholars
in four communities:

Scholars per school year

The Covid-19 pandemic had a severe impact on our programs, especially on our Scholarship Program and community learning activities. Despite the challenges, we are thankful to our heroes who have helped us to continue with our mission.

The pandemic resulted in dramatic changes and adjustments for the school year 2020 to 2021. The Department of Education announced that the opening of classes in public schools will be moved from June to October 2020. To ensure the safety of the students and teachers, the national government also prohibited face-to-face classes in all levels. Because of this, new modes of learning have to be implemented. Grade school and high school students adapted to the modular learning program. This arrangement requires the parents to collect the printed modules at the school every week and the students will study and answer them at home. The students can engage and communicate with their teachers through Google Meet or Facebook Messenger. Our Nursery and Time-to-Learn scholars are also given printed modules on a weekly basis. Our teachers collect them at the end of the week and they constantly communicate with them through Facebook Messenger.

For those in college, they are required to attend online classes through Google Meet or Zoom. The universities use different online platforms where students can access the classes and submit their assignments. We provided them with laptops and pocket wi-fi so they can comply with the requirements and continue their studies. College scholars in Zamboanga Sibugay are also given transportation allowance as they still need to go to school once or twice a week to get their modules. They have less strict community quarantine rules in the community because of the low number of Covid-19 cases. We also equipped our Community Coordinator's house with laptops, printers, and wi-fi so the Sibugay scholars can use them for their classes and other requirements.

36 laptops for our scholars to use in four communities

28 Chromebooks for our scholars to use in four communities

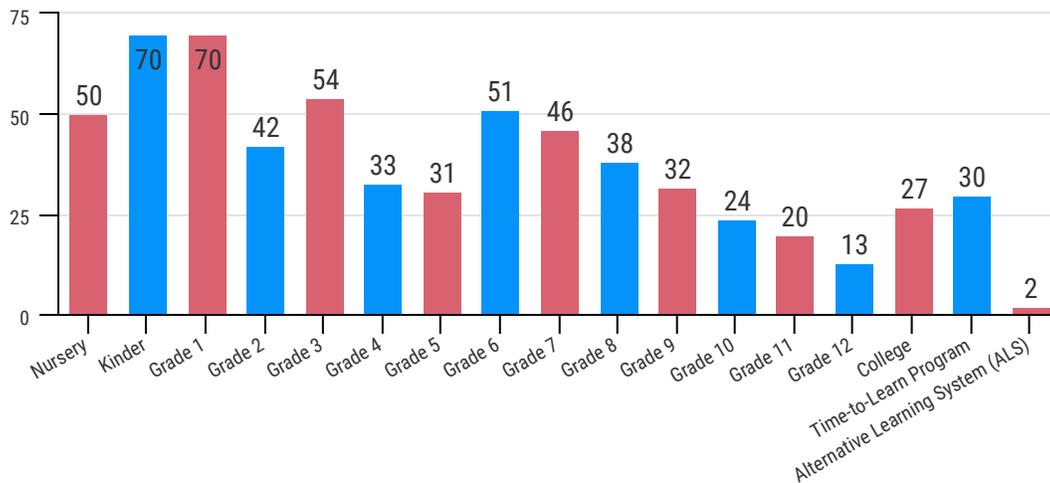

7 printers

5 pocket Wi-Fi

We are thankful to our heroes for making it possible for our scholars to adapt to distance learning. Cassie Eng, one of our youngest advocates and ambassadors, raised funds in the US to provide more than 50 laptops for our scholars. This is a big help for the students as most of them do not have gadgets or internet connection at home.

We are also thankful to Ms. Julia Barretto, Ms. Kares Hammond, and to the Schoenl Family Grant (through the help of Dr. Urooj Malik) for donating additional laptops for our Learning Center in Bulacan.

SY 2020-2021: Scholars per grade level

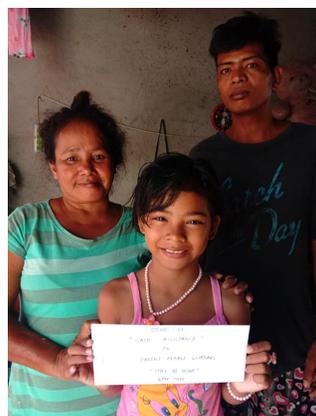

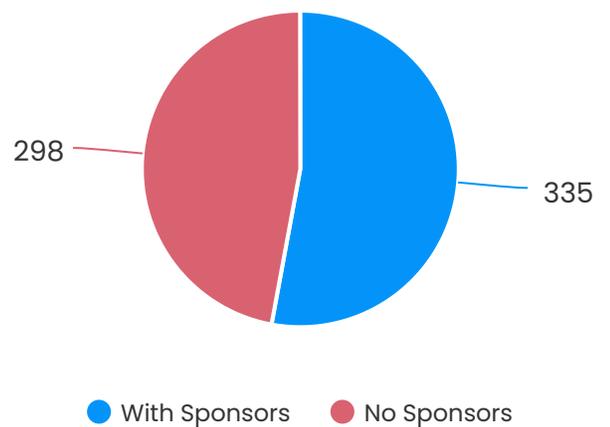

The majority of our scholars are in the preschool to grade school levels. We value early childhood education as this lays the foundation for the child's future success. It also helps the child to develop important cognitive and social skills that are critical for lifelong learning. In this school year, we are also proud to have the most number of college scholars. Some of their courses are Electronics Engineering, Secondary Education, Dentistry, Information Technology, Business Administration, Psychology, Agricultural Technology, and Criminology.

More than 50% of the scholars are sponsored by different organizations and individuals. The scholars who are not covered by sponsorships are supported by our general fund acquired from public donations and grants.

The scholars received school supplies and monthly grocery packs. Aside from this, they were also given assistance during the start of the strict community quarantine. Each scholar's family received Php 1,000 cash assistance and various healthy food packs to help them cope with the crisis. The families in Bulacan also received vouchers that they can use for free refills of safe drinking water.

Towards the end of the school year, 12 scholars were disqualified from the Scholarship Program because of various reasons such as relocation and dropping out of school.

SY 2020-2021: Breakdown of sponsorship

Stories of our Scholars

Ike Russel, 1st year B.S.Industrial Engineering
Western Mindanao State University

During this pandemic, it was really challenging adjusting to the new normal wherein everything is purely online. Online education is challenging because there is no stable internet in our area. But I will not let these challenges hinder my dreams of being an engineer. I am happy and grateful to the Project PEARLS Scholarship for all the help and support because it gives me so much hope that I will be able to help my family rise from poverty after I finish college. I am more determined to strive harder in my studies while I also help my parents earn a living. Thank you, Project PEARLS for the inspiration!

Shain Fernandez, 1st year B.S. Business
Administration (Financial Management)
Far Eastern University

The Project PEARLS Scholarship has been a very big help for me and my family. This year as I entered college, I am grateful that I was able to enroll in a good university in Manila. The online learning became a challenge for me, but Project PEARLS was always there to help me with the resources that I need. Thank you, Project PEARLS! My life changed because of you and you gave me hope that I will soon live a better life with my family. May you be blessed with more donors and sponsors so that you may continue to help other children like me in reaching for their dreams in life.

LitClub and LitMoms

With the guidelines and restrictions during the community quarantine, Litclubs and Litmoms shifted from face-to-face sessions to "At-home" sessions. The sessions are still based on Litworld's curriculum but were translated to Filipino before being printed. Each member was provided with a "kit" that has the materials, session guidelines, and activities. It was distributed (house to house) to the members by the mentors. Discussion and submission of photos take place in their respective Facebook group messenger. After a few days, the mentors collect the member's kits so that they can prepare the kits for the next session.

We received good feedback from members about this activity because they were able to continue their Litclub even they are just at home. However, they still miss their weekly face-to-face sessions with their fellow members and friends.

Apart from the At-home kits, members still celebrated the **International Day of the Girl** with home activities focusing on women and girls empowerment. Last March, they were also able to celebrate **World Read Aloud (WRAD)** day using home kits. Members of our communities were also provided with reading materials during the daily feeding program. We also partnered with the National Library of the Philippines for their WRAD celebration.

On the school break of 2021, we will be planning on new activities based on Litworld's Litfest Program.

Empowerment through Skills Development

G.R.O.W.

Urban Gardening Project

Workshops and Webinars for Community Members and Staff

GROW (Giving Resources and Opportunities to Women)

In 2019, we launched GROW (Giving Resources and Opportunities to Women) to provide livelihood opportunities and skills for the women in the relocation community in Bulacan. These women used to live in the community of Ulingan in Tondo, Manila. Their main source of income was scavenging from garbage and making charcoal. When they were relocated to the new community in Bulacan, they struggled to make ends meet because there are very few sources of income in the area. It is even more difficult for them to find jobs because of their limited educational attainment and skill set. To address these challenges, we created GROW to focus on educating and empowering women so that they can generate their own income and become socially and economically empowered.

The first batch of trainees were composed of 10 women. They were trained in different skills such as macramé, t-shirt printing, sewing, tie dyeing, paper making, and dish garden making. GROW also values sustainability and environmental protection by giving a new life to discarded materials. Using their creativity and skills, they upcycle tarpaulins, scrap cloth, old clothes and jeans, and flour sacks to create beautiful plant holders, fabric net bags, tote bags, and accessories.

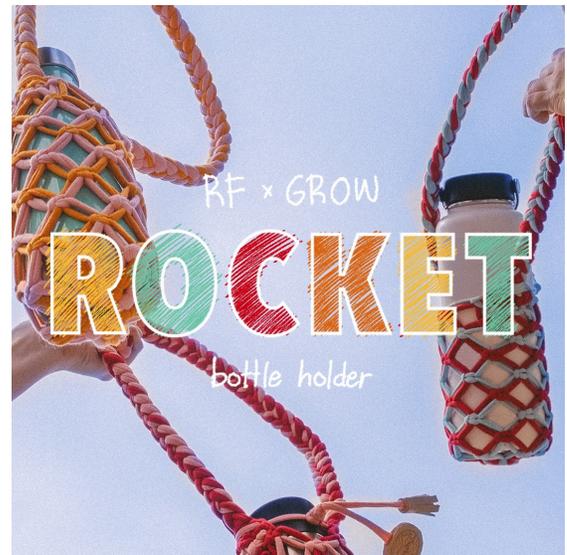

New Products Launched

We are proud of our women artisans for their creativity in creating new products this year. GROW added these products to its 2020 collection: macramé plant holders, Lingap fabric net bags, Halo-halo planter sleeves, Gunita and Tanglaw candles, Agwa camp mugs, and Katha tote bags.

New Partnerships

Small businesses are especially vulnerable to the economic downturn because of the pandemic crisis. Despite this, we are grateful for the new partnerships that allowed us to cope in the so-called “new normal” setting.

Lift Lokal is an online platform that helps Filipino independent brands to promote their products and services. It also aims to inspire Filipinos to support jobs through purchases and to advocate for the causes of the different organizations.

We collaborated with **Renegade Folk** to create stylish “Rocket” macramé water bottle holders. Aside from helping the livelihood of our artisans, this partnership enabled us to reach a wider audience and market through Renegade Folk’s network of advocates.

New Skills

The pandemic did not hinder our women artisans from learning new skills such as sewing, silk screen printing, mug printing, and candle making. They applied these skills to create new products to cater to the various needs of the market.

Urban Gardening Project

(in partnership with AGREA, and the Department of Agriculture)

During the height of the community quarantines, many families are more worried that they will die from hunger, and not from the virus. The work closures have affected their sources of income and the lockdowns have limited their mobility and access to food supplies. To help the families have a sustainable food source, we distributed urban gardening kits. In partnership with **AGREA Foundation**, 200 families in Naic, Cavite received grow-at-home kits that include vegetable seeds and other gardening tools. We also partnered with the **Department of Agriculture (Agriculture Training Institute)** to provide 600 urban gardening kits for the families in Bocaue, Bulacan, and Naic, Cavite. These partnerships empowered the families to grow their own food and to have food security even in the midst of the pandemic.

Workshops and Webinars for Community Members and Staff

Soda Tabs Accessories Training Workshop

(January 7) In 2019, students from Seoul Foreign School visited Helping Land in Tondo to help Project PEARLS in various projects. This immersive experience had an impact on the students, especially on Claire. This inspired her to come back to take further action. She spearheaded a two-day workshop in Tondo to teach women and men how to create jewelry and other accessories out of soda pop tabs.

Women 2020 Summit

(March 5) We joined the “Women2020 Summit: Women in the Next Decade”, organized by **SPARK! Philippines** and **UN Women Asia and the Pacific**. This event celebrated the achievements of women and engaged both public and private sectors to address issues and challenges faced by Filipino women. We are thankful for SPARK! Philippines for inviting us to take part in this important event.

Webinar on Child Protection against Online Abuse and Exploitation, by Nancy Agaid of TCI

(June 11 and 18) Even when we started working from our homes, learning did not stop for our team. Led by **Ms. Nancy Agaid of TCI**, our team joined a refresher course on "Child Protection against Online Abuse and Exploitation." We are grateful to Ms. Nancy for sharing her knowledge on this very relevant topic.

AKAP-Guro CONNECTeD: Ugnayang Pangkalusugan sa Paaralan by Unilab

(June 23) In preparation for the unique challenges of the incoming school year, our Scholarship Team and teachers joined "AKAP-Guro CONNECTeD", a program of **Unilab, Inc.** This webinar provided insights for understanding the "new normal" situation of learning institutions after Covid-19. It also discussed strategies for teachers to continue teaching safely through the pandemic.

Webinar on Food Safety, with Ang-Hortaleza Foundation

(Aug. 6 and Nov. 6) We are thankful to **Ang-Hortaleza Foundation (AHF)** for supporting our Covid-19 Hunger Relief Program. Aside from sponsoring 30 days of feeding in the community in Naic, Cavite, AHF also conducted a Food Safety Webinar for our community teams in Tondo and Bulacan. This helped them to become more knowledgeable about safe food handling and cooking practices.

GOONJ.. a voice, an effort
www.goonj.org

We invite you to a webinar on
CREATING SOLUTIONS WITH COMMUNITIES

Featuring **ANSHU GUPTA**
2015 Ramon Magsaysay Awardee (India)
Founder, GOONJ

October 28, Wednesday
2:00 PM - 5:00 PM (Manila Time)

LIVE Watch the livestream via FB Live!
facebook.com/ramonmagsaysayaward

"Creating Solutions with Communities" with 2015 Magsaysay Awardee from India, Mr. Anshu Gupta

(October 18) We consider it an honor to directly learn from Ramon Magsaysay Awardee and one of the most inspiring NGO leaders in India, **Mr. Anshu Gupta**. Our admin team joined the webinar organized by Ramon Magsaysay Award Foundation to look into the experience and sustainable solutions of GOONJ in addressing poverty in their community. The participants also joined a virtual tour of the GOONJ processing center and store in New Delhi.

Bayanihan (Emergency Relief Operations)

Bayanihan para sa Taal

Volunteering with ARMK

to serve more than 1,000 meals in Cavite

Clean-up operations

helped in cleaning up a school and a chapel in Batangas

220 survival backpacks for students

65 grocery packs for families

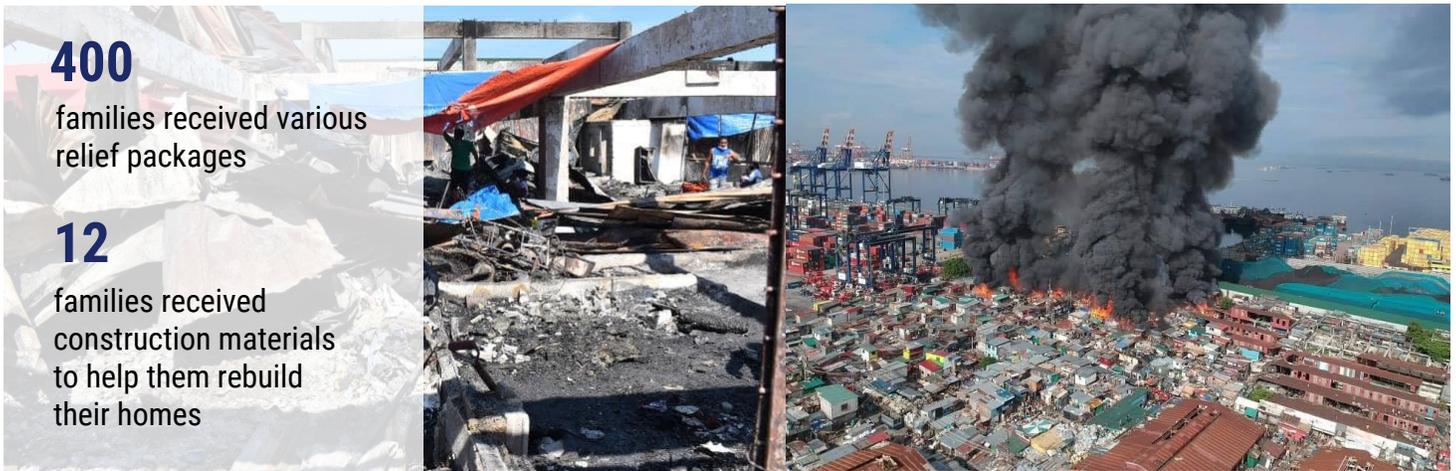

The news of the Taal Volcano eruption sent shock, worries, and panic at the start of 2020. Though there have been several incidents of volcanic unrest in 2011, 2012, and 2014, this eruption is the most serious since its last eruption in 1977. On January 12, Phivolcs raised the status to Alert Level 4. Because of this, thousands of families in nearby towns and villages were evacuated. It also caused millions-worth of damages to properties and agricultural lands.

As part of our Bayanihan initiatives, our team volunteered with Art Relief Mobile Kitchen (ARMK) on January 28 to cook and serve hot meals for the affected families in Cavite. On February 1, we also helped in cleaning up the debris and ashes in a school and chapel in San Nicolas, Batangas. We are thankful to the teachers of Sinturisan Elem. School for their hospitality and for inspiring us with their resilience and kindness. We also launched the “Bayanihan para sa Taal” fundraising initiative. The funds raised were used to provide survival backpacks, meals, and gifts to the students, teachers, and some elderly of Brgy. Sinturisan in San Nicolas, Batangas on March 4.

Fire Relief Operation in Tondo

On April 18, a devastating fire hit the community of Temporary Housing in Tondo, Manila. The fire broke out just a few meters away from the Project PEARLS courtyard. Thankfully, the fire did not reach the courtyard and no casualties were reported. But it left around 4,000 people homeless.

As a response to this tragic incident, we gave assistance to 400 families together with our partners and donors who immediately responded to our call for donations. On April 27 and 30, we distributed survival kits (towels, sleeping kits and mats, food containers and eating utensils, water containers, clothes, vitamins, and milk), dignity kits (sanitary napkins and underwear), baby kits (diapers and baby bottles), hygiene kits (soap, toothpaste, deodorant, shampoo, toothpaste, toilet paper), and hot meals. These relief packages gave them new hope and helped them to rebuild what they have lost.

In addition to this, we assisted twelve families to rebuild their homes by providing them with building materials. These are all made possible by the generosity and kindness of our partner organizations and individuals.

Typhoon Rolly and Ulysses Relief Operations

Two strong typhoons hit the Philippines in the month of November, with only a few days apart. Typhoons Rolly (international name: Goni) and Ulysses (international name: Vamco) caused severe devastation in the areas of Cagayan Valley, Central Luzon, Calabarzon, Mimaropa, Bicol, and Metro Manila. The onslaught of the two powerful typhoons resulted in fatalities and millions-worth destruction of houses, infrastructure, and agriculture. It also caused the evacuation and displacement of thousands of Filipinos in the affected areas.

1,200+ essential kits
1,800+ hot meals
5,000 kgs. of rice
400 hygiene kits
Php 50,000 cash donation to two NGOs
Php 47,100 worth of kitchen equipment donated to ARMK

We launched an emergency fundraiser to assist the families affected by the typhoons. The overwhelming support from around the world allowed us to conduct a series of relief operations in different communities. We distributed more than 1,200 essential kits, 1,800 hot meals, 5,000 kgs of rice, and 400 hygiene kits to the affected families in Rizal and Marikina. We also gave cash donations worth Php 50,000 to two NGOs doing relief operations - Redemptorist Legaspi, Albay, and Art Relief Mobile Kitchen (ARMK).

Our team also joined the Cagayan Relief Caravan, organized by ARMK and Gourmet Gypsy to bring much-needed relief for hundreds of families. To support ARMK in its mission of serving hot meals in disaster relief operations, we donated various kitchen equipment and tools. In Cagayan, they served hundreds of hot meals for more than a week. Our team also distributed towels, blankets, sleeping mats, mosquito nets, and other essential items to around 1,000 families.

Pop-up BayaniHAN

(Bayani for the Homeless, Abandoned, and Neglected)

In 2019, we launched the first Pop-up BayaniHAN in partnership with St. Arnold Janssen Kalinga Center in Tayuman, Manila. For several years now, Kalinga Center has been serving and helping individuals and families who are living on the streets of Manila. With our new BayaniHAN program, we aim to reach out to the most vulnerable and most neglected sectors of our society in different areas in Metro Manila. During the first Pop-up BayaniHAN, we provided much-needed services such as medical and dental check-ups, haircuts, and restaurant-style meal service. We also distributed food packs, towels, and clothes.

1,000

unhoused individuals and families reached

This year, there is a noticeable increase in the number of people living on the streets around Manila. Due to work closures brought about by the crisis, many poor Filipinos were unable to pay their rent. Most of them were left with no other choice but to live on the streets. Some of them were also not able to go back to their home provinces because of the quarantine restrictions and the lack of money to cover their fare.

On December 31, our team reached out to around 1,000 unhoused individuals and families in Manila. We distributed hot meals and hygiene kits as a simple way of helping them and showing them that there are people who care about them. Next year, we are planning to bring more services to the Pop-up BayaniHAN.

Ten Years of Project PEARLS

How It All Started

In 2008, Melissa Villa and her daughter, Francesca, started a humble initiative of helping Melissa's deaf and mute childhood friend who was living in the slums in Manila. They helped her send her two children to school. Two years later, Melissa stumbled upon a photo of a child worker in Ulingan, Tondo that was posted by Belgian photographer Sidney Snoeck. The little girl was covered in black soot and dirt from head to toe. Ulingan, which literally means "charcoal factory" in Filipino, was a small community in Manila North Harbor in Tondo. It was home to more than 400 families whose main source of livelihood is charcoal making and scavenging from the garbage. Working in Ulingan meant earning a meager income of less than Php 200.00 per day while contending all day with the heat, smoke, dirt, and stench.

Melissa was so moved upon seeing the heartbreaking images of children working in Ulingan. With the desire to help the kids and families, she contacted Sidney Snoeck to find out how she can help. Though Melissa was based in California, she made a way to reach out to the community. Her close family and friends in Manila, led by her brother Juan Villa, together with Photo Kalye and Sidney Snoeck, were instrumental in building the initial projects in Ulingan. And in 2010, Project PEARLS was established.

We started a simple feeding program and later on, we were able to create different programs such as LitClub, Brain Booster, and After School Program. This is also where the Project PEARLS Scholarship Program started. Melissa and her husband, Clif, took the initiative to renovate the dilapidated Learning Center inside the community. The Learning Center welcomed our first batch of 40 Nursery scholars in 2011. And now, we have more than 600 scholars from preschool to college!

In 2013, the National Housing Authority relocated the families in Ulingan to a new community in Brgy. Batia, Bocaue, Bulacan. We continued supporting the children and families through the Scholarship Program and the different outreach programs. Currently, we also have programs in three other communities: Helping Land in Tondo, Manila; Brgy. Malainen Bago, Naic, Cavite; and Kabasalan, Zamboanga Sibugay.

Through the consistent outreach programs that were established throughout the years, we were able to develop a special connection with the kids and the families. Because of this, we gained a deeper understanding of their struggles and dreams. There were challenges and setbacks, and a lot of sleepless nights and tears. But because of the incredible organizations and individuals who believed in our mission, our dreams and vision turned into reality.

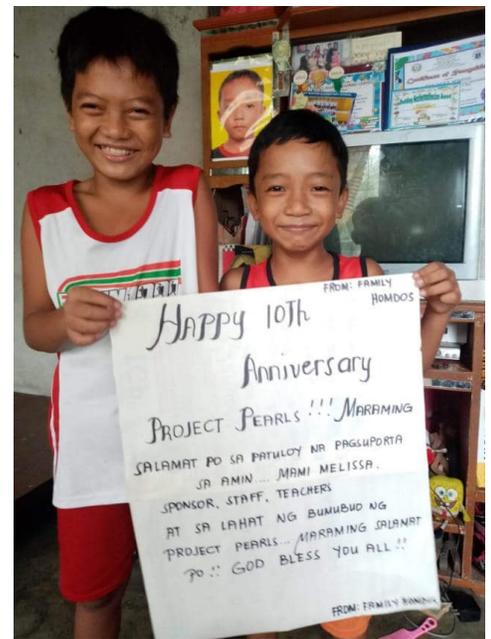

Ten Years of Project PEARLS

In 2010, our Founder, Melissa Villa, said: *“Project PEARLS is not a fancy outreach ministry; it is nothing large or grandiose; it doesn’t compete or seek for glory. We just simply want to feed the hungry, clothe the naked and hold the hands of those who hurt.”*

And ten years later, this statement still holds true. What started as a simple mother-and-daughter advocacy has now grown into an organization with hundreds of scholars, serving thousands of meals, and connecting with hundreds of advocates and partners from around the world. We may have grown in number and in reach, but our mission will always be the same: *to feed the hungry, clothe the naked, and hold the hands of those who hurt.*

We are grateful and humbled to mark our **10th Anniversary** last August! We will not be able to reach this milestone without the help of our heroes!

In celebration of this important occasion, we distributed healthy food packs to 1,500 families in our communities in Tondo, Bulacan, Naic, and Zamboanga Sibugay. This is also a way to help poor families during these difficult times.

We also held a virtual thanksgiving and celebration with our PEARLS friends, volunteers, and advocates from around the world! Although we were unable to physically celebrate together, we still feel the love and support from everyone!

Ten years seem to have passed by quickly. Helping children and families navigate their way out of poverty is not easy. But with the help of our PEARLS heroes around the world, we made it! We are very grateful to everyone who supported and guided us through all the challenges, achievements, heartbreak, and breakthroughs that we experienced in this mission.

Groundbreaking of Bulacan Multipurpose Center

Sponsored by Future Faces

(May 20) After almost a year of planning and fundraising, we are excited to officially start the construction of the Multipurpose Center in our community in Bulacan! We are very grateful to **Future Faces** for their hard work and dedication in raising funds to make this project possible. As high school students of the **International School Manila**, they have shown us that, regardless of age and background, we can all be change-makers and heroes when we work together. This Multipurpose Center will house our GROW Livelihood Program and other educational and empowerment programs.

Rain Boots Drive for Children and Adults

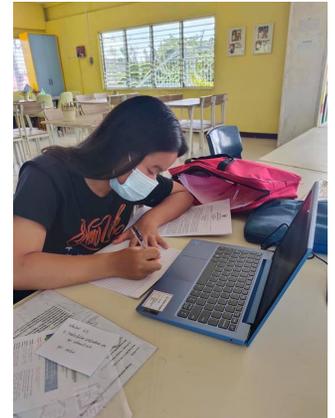

(July 18 & Sept. 3) During the rainy season, the residents of Temporary Housing in Tondo have to deal with flooding and muddy roads. Because of this, having rain boots and raincoats is essential for them so they can protect themselves from illnesses. Through our two Rain Boots Drive fundraisers and with the help of generous individuals, we distributed more than 300 rain boots for adults and more than 500 rain boots for children in Tondo, Manila. We thank all the donors for helping us provide these life-saving rain boots!

Cassie's Bag of Dreams

For seven years now, **Cassie Eng**, one of our youngest advocates and ambassadors, has been bringing hope to underprivileged students through her Bag of Dreams Challenge. This project aims to break the cycle of childhood poverty "by inspiring hope and giving educational resources to underprivileged children."

She spends her birthdays and summer vacations connecting with donors and advocates to raise funds. Each year, she visits a different community and school to personally deliver the backpacks and school supplies. She has reached out to more than 2,500 students in different communities in Luzon, Visayas, and Mindanao.

This year, as a response to the challenges of new modes of learning, Cassie spearheaded a fundraiser to purchase 53 laptops and Chromebooks, and 5 printers for our scholars!

These gadgets are a great help for our scholars in coping with the new modes of learning. Thank you, Cassie and to everyone who donated to the fundraiser, for making sure that our scholars are not left behind!

Christmas campaigns: Adopt-a-Family and Toy Drive

(December 19 in Masungi Georeserve; December 21-22 in Tondo; December 22 & 24 in Bulacan; December 22 in Zamboanga Sibugay; December 23 in Naic; December 23 in Smokey Mountain; and January 3, 2021 in Tarlac)

The pandemic crisis has put our lives on hold. In many parts of the world, it has caused suffering and dramatic loss of human life and it has resulted in extreme economic and social disruptions. But despite all of these, our heroes from around the world showed us that there is hope amidst the crisis. Because of their kindness and generosity, more than 2,300 families were able to have a memorable and meaningful Christmas celebration. We were also able to distribute more than 4,000 gifts to children and teens, and 200 solar lamps in the Aeta community in Capas, Tarlac. We are thankful to all the individuals and organizations who donated to the campaign. We also thank **LBC Foundation** for the 300 Noche Buena packs, and to **Telus International Philippines** for the 500 Noche Buena packs that we distributed in different communities.

2,300+ Noche Buena packs for families

4,000+ gifts for children and youth

200 solar lamps

Seven communities reached:

- Tondo, Manila**
- Bocaue, Bulacan**
- Naic, Cavite**
- Kabasalan, Zamboanga Sibugay**
- Masungi Georeserve, Rizal**
- Botolan, Zambales**
- Capas, Tarlac**

We are overwhelmed and grateful for the support that we received in our Christmas campaigns. This has been the highest number of sponsors for Adopt-a-Family and Toy Drive that we have since we started this program in 2010. Indeed, no crisis can stop the true spirit of Christmas.

THE YEAR IN NUMBERS

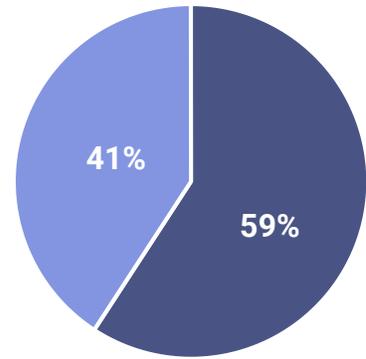

Financial Highlights

Philippine Donations: PHP 16,949,216.00

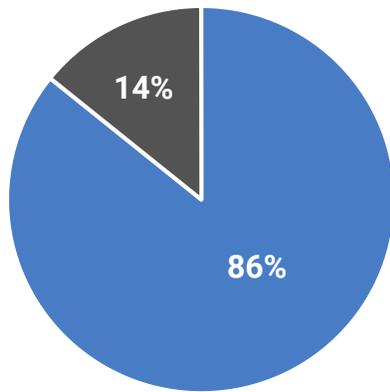

US & Int'l Donations: PHP 24,591,648.00
(USD 512,326.00)

**Total donations
(PH, US & Int'l):** PHP 41,540,864.00
(General funds and Grants)

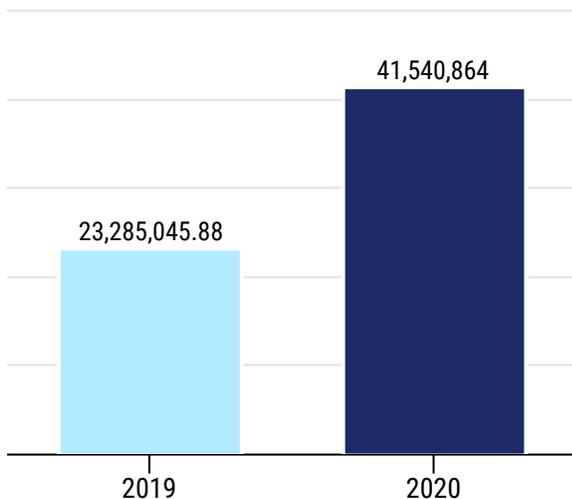

● US & International
● Philippines

Total Expenditure Allocations (PHP)

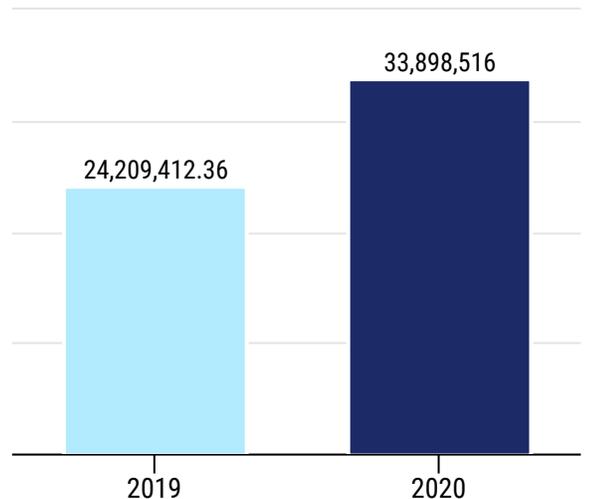

● Program Expenses: PHP 29,083,041.00
● Admin Expenses: PHP 4,815,475.00

2019 vs. 2020: Total Donations (PHP)

In Loving Memory of George "Clif" Wilcox

December 08, 1948 - December 17, 2020

In October 2010, I first set foot in the slum community of Ulingan at Tondo, Manila where I met children covered in soot, dirt, and flies. These were children working alongside their parents making charcoal and the children and community who broke my heart into pieces. Growing up in the Philippines, I have never seen such extreme poverty.

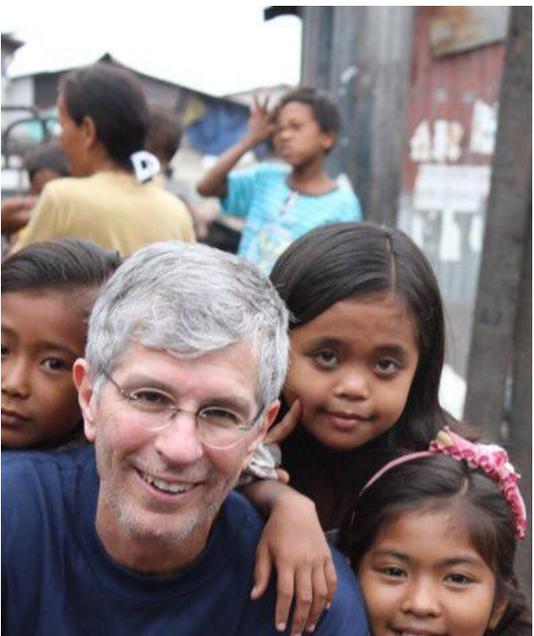

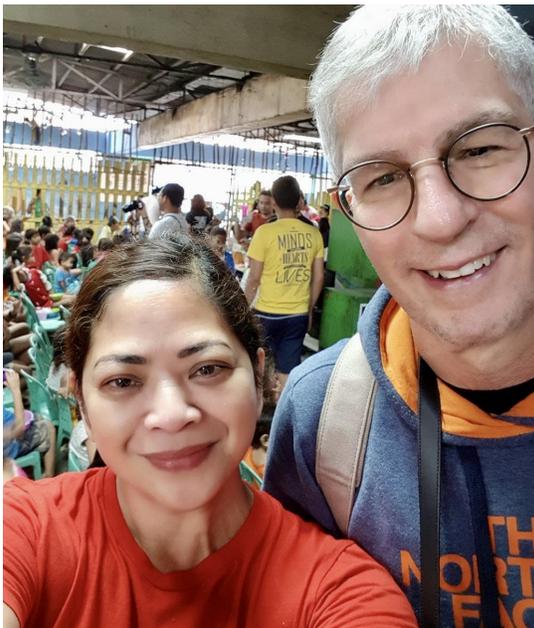

I told my husband, Clif, that I want to help these children by sending them to school so that these children are holding books and pens and not sacks and shovels. I told him I want to build them a Learning Center and start a Scholarship Program and a Feeding Program. Clif thinks it's a great mission but seems impossible at that time as we lived across the globe from this community. He advised that if I want to help a community, I need community of dreamers, doers and change makers to help me. Being a finance guy, he also advised to register Project PEARLS as a non-profit organization.

And the rest is history. Truly, without Clif's unconditional love, support, guidance, patience, generosity, empathy, Project PEARLS will not be able to save and change countless lives.

Clif was so loved and respected by many and his fighting and kind spirit will live in me. You are so missed more than words can say.

Rest in love and peace.

With much love,
Melissa

OUR HEROES

We are thankful to all our Heroes - the Education Champions, Hunger Warriors, and Life Changers - who have helped our communities overcome the challenges of 2020. Their generosity and compassion inspire us to continue the work that we do for the most marginalized children and families.
